Dear Mr. Bushner:

Re: Notice of Intention to Commence Small Mining Activities,
Twin Knolls/Smith Hill, S/001/014; Shamrock/Dubun/Klamath,
S/001/015; and Thompson Cinders, S/001/016, Beaver County,
Utah

The Bureau of Land Management recently sent us copies of Notices of Intent concerning your small mining activity for the Twin Knolls/Smith Hill Project (UTU-70021), located in Sections 16 and 17, T34S, R10W; the Shamrock/Dubun/Klamath Project (UTU-70022), located in Section 1, T32S, R7W; and the Thompson Cinders Project (UTU-70023), located in Section 10, T35S, R10W, SLBM, Beaver County, Utah.

Upon reviewing the notices we find that the notices are basically complete; however, maps were not provided with the notices for any of the projects. Maps are needed to satisfy the requirements of Rule R647-3 of the Utah Mined Land Reclamation Act of 1975, Title 40-8, et seq., Utah Code Annotated. A USGS 7.5 minute series topographic map showing the exact location of each project is preferred.

The Division will suspend review and await the deficient information. In reply, please refer to S/001/014 for the Twin Knolls project; S/001/015 for the Shamrock project and S/001/016 for the Thompson Cinders project. Thank you for your cooperation.

Sincerely,

D. Wayne Hedberg
